

Meeting of the Castle Dale City Council
July 9, 2015

In attendance:

Mayor	Danny Van Wagoner
Council:	Brad Giles
	Joel Dorsch
	Dixie Thompson
	Doug Weaver
	Julie Johansen

Recorder:	Lael White
Fire Chief	Ignacio Arrien
Code Enforcement:	Doug Moreno
Land Use	Kerry Lake

Also in attendance was Rachel from ETV News.

Mayor Van Wagoner welcomed everyone to the meeting.

Dixie Thompson gave an opening statement.

Pledge of Allegiance

Approval of Minutes from the June 9, 2015, City Council Meeting, and June 18 Budget Meeting.

Brad Giles made a motion to accept the City Council minutes. Doug Weaver seconded the motion. All agreed and the minutes were accepted.

Brad Giles made a motion to accept the Budget Meeting Minutes, Julie Johansen seconded the motion. All agreed and the minutes were accepted.

Mayor Van Wagoner said that he would like the proposed Agenda emailed on the Monday before the City Council Meetings.

Relief on Water Bill for Bill Olsen

Bill Olsen was not present. Ignacio said the CVSSD has dug up the meter, and the leak is on the customer's side. Bill thinks the SSD should fix the leak.

It has gone from 50,000 gallons over to 205,000 gallons over.

Mayor Van Wagoner. Ignacio will check on this tomorrow, and talk to the customer. He will advise the Mayor on what happens, and tell the customer who can help him with this problem. When the leak is fixed, then we can give relief on the bill.

Economic Development

Margaret Fielding was not present, but the Mayor reported that she has met with Roger Brooks. He thinks that what we are doing is right.

The State is concentrating on working with the Counties, and not the Cities.

Monroe Magnuson asked for permission to use the slogan "get dirty with us" for the rodeo. It was approved.

Land Use Committee

Kerry Lake: We had a Public Hearing at our meeting on Storage Containers. I was not present, and we didn't have enough members present to vote to make a recommendation to the City Council. We will have the vote next month.

Julie Johansen presented a list of names for consideration for appointment to the Land Use Committee.

Kerry is still working with the BLM on the lease of land for an Athletic Event Park.

Ordinance Enforcement

Doug Moreno: I have been fire fighting for a few weeks, and I am now back in town. I will do some 3:00 am drive bys that the Mayor has requested, to monitor outside watering.

We need to put the Weed/Nuisance ordinance on the Agenda for August

Fire Dept and City Report

The Fire Dept sent out 400 flyers about recruiting new Firefighters, and Cert team members. I have eight new firefighters. They are starting their three month training. Three of the new members are homeowners, so that means they are invested in the community.

We have started the Cemetery Project. Doug and Jared are leveling headstones. We are popping every sprinkler head, and finding out what kind of pipe they are on. If there is funny pipe, we are replacing it with 1" pvc pipe. We are also digging up the 4" pipe to expose the valves, so we can access them.

I want Brad to inspect the first two rows of the Cemetery.

Brad: Some of the sprinklers in the Park and Ball field are not rotating.

Meter update: If we have an error on the meter reading, it takes two months to resolve, because I can't test the reader. I have talked with the software people, and we need to set up a dummy city, so that we can test the reader between regular reads.

On the High School meter, we have found some of the problem. I will read it tomorrow, and again Monday.

Council Reports

Joel Dorsch: nothing

Dixie Thompson: nothing

Brad Giles: nothing

Julie Johansen. Mayor Van Wagoner wants her to talk to the people for the Land Use Committee. She has a few names for the CERT also.

Doug Weaver: Two weeks ago we had a dog bite. And 8 year old girls was bitten. The dog owner shot the dog and buried it. We could not locate him, and by the time we did, the remains could not be tested for rabies. The owner should have been cited. The girl has had to have the rabies treatment.

Mayor Van Wagoner: We have met with the architects, and are almost ready to ask for bids on the new building.

There are some problems with the shooting range. Nosh has removed the grader from the site. I have met with the State about installing lights at the intersection of highways 10 and 29.

Dixie Thompson made a motion to adjourn. Julie Johansen seconded the motion. All agreed, and the meeting was adjourned.
